We have known this family for years and it's a fabulous job if you have something to do in the mornings or just want to work afternoons.

Professional working parents need someone to ensure their house runs smoothly. Take the wash off the line, tidy, pick the children up from school and make sure they get their homework done. Pick up the shopping and cook an interesting meal for the family. It would be good if you could babysit one night a week too.

Mum says "I just need someone who's mature, had her own children and has good commonsense, who knows how to run a household to help make my life easier and my house run smoothly and if they could cook a decent family meal that would be a bonus"

Phone Angie or Patricia on 9410 0725 for more details or email you resume to angie@nanniesandhelpers.com.au
